

# Capel Cricket Club Policy on Photography and Video Cameras

**Capel Cricket Club wishes to ensure photography and video footage taken within cricket is done so appropriately.**

Parents and carers should not be prevented from taking pictures of, or filming, their children. These are normal family practices and help mark milestones in a child's life. The introduction of proportionate controls on the use of photographic equipment (cameras, and videos, including mobile phones) is part of general safeguarding good practice in a club.

Capel Cricket Club is keen to promote positive images of children playing cricket. Please remember that photographs are considered 'personal data' in terms of the General Data Protection Regulation

Capel Cricket Club will get consent from either the child, adult, or both before capturing, sharing or publishing images where a child can be identified, including posting on the club's website etc. In addition, as with all personal data you process, it should be processed in accordance with the principles laid out in the General Data Protection Regulation, and other relevant legislation and guidance

Capel Cricket Club will ensure that:

- Photographs/images are not to be taken at matches or training without the prior permission of the parents/carers of the child. This permission can be given by proxy by the coach of each team only after parental consent for this has been granted. The coach must arrange this prior to attending matches
- If no consent has been given for a child on the player profile form, then it is to be made known to the relevant person of the other team (e.g. coach/team manager) so the appropriate person/s taking photographs for the other team is/are aware and can avoid taking photographs of that particular child
- The children should be informed a person will be taking photographs
- The children should be informed that if they have concerns they can report these to the coach or team manager
- Concerns regarding inappropriate, or intrusive, photography should be reported to the Club Welfare Officer and recorded in the same manner as any other child protection or safeguarding concern
- Only use images of children in appropriate kit (training or competition), to reduce the risk of inappropriate use, and to provide positive images of the children
- Encourage the reporting of inappropriate use of images of children. If you are concerned, report your concerns to the County or Club Welfare Officer
